COMMUNITY HEALTH
RESOURCE DIRECTORY**

**Your resource for free and
low-cost health care
services in Allen County**

The ST. JOSEPH COMMUNITY HEALTH FOUNDATION

Allen County Indiana is blessed with many health care providers who want to provide quality care at a low cost and/or for free. Finding these providers is often difficult.

This free resource directory has been created by the St. Joseph Community Health Foundation to make it easier to find many high quality, low-cost and free medical, dental, and/or mental health care providers in our community. We hope you find it helpful.

The St. Joseph Community Health Foundation is operated by the Roman Catholic Religious Sisters, the Poor Handmaids of Jesus Christ, who have been helping individuals get quality healthcare in North-east Indiana for over 140 years. In 1998, the Sisters sold their hospital, St. Joseph Medical Center and put a portion of the profits into the St. Joseph Community Health Foundation to fund programs and projects that continue their ministry in health. As of December 2007, the St. Joseph Community Health Foundation has invested over \$8,800,000 through more than 500 grants to 150 local agencies to improve access to health care. 2008 marks the tenth anniversary of the St. Joseph Community Health Foundation.

God's blessings on all of us for healthier lives!

Meg Distler
Executive Director
St. Joseph Community Health Foundation

FINANCIAL ASSISTANCE

Indiana Township Trustees

By far the largest group of elected officials in Indiana is the Township Trustees. They provide essential services to the residents and business of the Township, and often work at other jobs as well.

Overseeing the poor and distributing poor relief is a primary duty in many townships.

Many trustees creatively cooperate with other agencies in their areas to provide assistance when needed.

If you have an urgent need for medical care, foods, or shelter and have exhausted all means of financial support, contact your local Township Trustee.
